Join us on a Magical History Tour

The world's largest permanent exhibition purely devoted to the lives and times of The Beatles. Located in the Fab Four's hometown on the stunning UNESCO World heritage site at the Albert Dock, Liverpool, the Beatles Story takes visitors on an atmospheric journey through the lives, times, culture and music of The Beatles.

See how four lads from Liverpool were propelled to the dizzy heights of worldwide fame – from their Liverpool childhood, through the early days of the band, to world domination and on to their solo careers.

"They were doing things nobody was doing... I knew they were pointing the direction music had to go."

Bob Dylan

How 1960s beat groups conquered America

The Beatles Story, Liverpool presents 'The British Invasion: How 1960s beat groups conquered America', co-curated by The GRAMMY Museum, L.A.

With more than 80 never before seen artefacts which form part of the British Invasion exhibition at the Beatles Story's Pier Head site, including unseen images of The Rolling Stones by Bob Bonis, the exhibition also provides visitors with the opportunity to have a virtual drum lesson with former Beatle, Ringo Starr.

Other highlights include a range of items belonging to musical influencers and legends such as The Hollies, The Zombies, The Supremes and The Beach Boys, from album covers and hand-written lyrics to clothes worn by the superstars and the original instruments which they played.

Part of the exhibit is also dedicated to interviews with GRAMMY award winning artists.

An exciting not-to-be-missed new exhibit, only at the Beatles Story, Liverpool.

Play drums with Ringo, an interactive experience for guests to take lessons from Ringo.

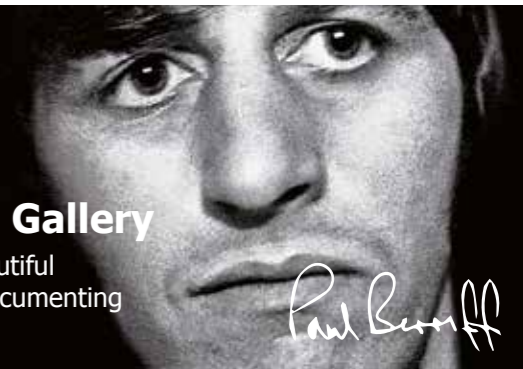

Supremes jumpsuits and photos, courtesy of Ms. Mary Wilson of The Supremes. The costumes were worn by the Motown phenomenon in the late 1960s and 1970s.

HIDDEN FOR 50 YEARS

The Beatles Hidden Gallery

The Pier Head also houses a beautiful collection of rare photographs documenting The Beatles' 1963-4 tour

Photographer Paul Berriff discovered these stunning pictures in his attic, where they had remained "hidden" for almost fifty years. Paul Berriff, who shot the images while working as a 16-year-old editorial assistant on the Yorkshire Evening Post and is now a BAFTA award-winning photographer and documentary maker, says the photographs have found their rightful home now they are on display at the Beatles Story, Pier Head.

Fab 4D and Discovery Zone

Take the kids on a magical history tour in our interactive Discovery Zone in the Albert Dock site. Create your own Beatles-inspired POP ART and play tunes on the giant interactive piano where children of all ages can learn about the influential legacy of The Beatles. Then head over to our Pier Head site and be amazed by our Fab4D cinema experience. Based in our state of the art theatre, using 3D computer generated animation and ground-breaking special effects to create a spectacular 4D experience that will inspire and amaze.

The Beatles' music comes to life!
